## Bold. Iconic. Unforgettable.

The Norsemen A-Frame is an architectural masterpiece that takes modern Scandinavian design to extraordinary new heights. Step inside and experience soaring vertical volume, dramatic ceiling lines, and walls of windows that dissolve the boundary between luxury interior and raw wild. At 1,612 sq ft, this is the largest and most commanding model in the Norsemen lineup.

**26' x 23'**  
+ LOFT

KEY HIGHLIGHTS

**SIPS Engineering**  
Structural Insulated Panels provide exceptional strength and industry-leading energy efficiency for extreme climates.

**Walls of Light**  
Floor-to-ceiling window arrays dissolve the boundary between the luxury interior and the raw Canadian wild.

**Iconic Geometry**  
A jaw-dropping 28'10" silhouette combining ancestral A-frame charm with razor-sharp modern Scandinavian lines.

**Vertical Great Room**  
Soaring vertical volume and dramatic ceiling lines create an unmatched sense of physical and spiritual space.

**Tactile PVC Finishes**  
Durable 25mm PVC wall and flooring panels — ultra-modern, built for heavy use, and zero maintenance.

**Canadian Steel Armour**  
Premium Canadian heavy-duty steel seam roofing and vertical cladding engineered for longevity and bold aesthetics.

*"A modern icon redefined for the Canadian wild. The A-Frame is a structural statement — where architecture becomes an act of reverence for the landscape."*

— NORSEMEN HAUS DESIGN PHILOSOPHY
